The film also stars Jeffrey Jones as Hank Rearden, Anne Hathaway as Dagny's mother, Brigitte Dallas as Dagny's foster sister Dominique, and Oskar Jacobson as Ragnar Danneskog. The film is the first of the *Atlas Shrugged* films. The movie was shown in the US during the 2011 Cannes Film Festival on May 12. The film received very positive reviews and was met with box office success. It was released in the United States on June 22, 2011, and was nominated for four Independent Spirit Awards. It also received the Foreign Language Film Award at the 72nd Golden Globe Awards, making Portman the first actor to win both an Academy Award and a Golden Globe Award. Plot Dagny Taggart is the main character in this film. She was born on January 3, 1933, to railroad executive Frank Taggart and his secretary, Helen Rearden. Dagny's childhood was not happy; she and her foster sister Dominique were repeatedly taken from her parents and raised by a succession of foster families. At the age of 11, the two children were left at the boardinghouse of Dagny's aunt, who was terminally ill. At the boardinghouse, Dagny met H.L. "Biff" Stannix, a young mechanic and "tramp" who came to the boardinghouse to live as its caretaker. Biff and Dagny fell in love with each other. Dagny's mother, Helen, however, encouraged the two to marry. During their engagement, Biff's girlfriend Jane attempted to shoot Dagny, and both Biff and Dagny were shot. Biff, who suffered a severed spinal cord, and was hospitalized, did not know that Dagny had survived. Biff left Jane shortly after being released from the hospital. The next day, after learning of Dagny's survival, Biff saw Dagny on a street corner, and she, too, was wounded by a stray bullet. Biff then had a car accident, and was left partially paralyzed. In the weeks that followed, he fell in love with Dagny again, and the two were soon engaged to be married. Dag 82157476af
